HARDY PLANTS

TRADE LIST

FOR FALL, WINTER OR SPRING DELIVERY, 1961-62

RARE AND CHOICE TREES AND SHRUBS
(Quantities limited - Please order early)

Most of this stock is difficult to locate in the trade. Hardiness zones are listed in Roman numerals. Minimum order \$5.00 and 5 plants of a kind.

		Each \$1.00
CORYLOPSIS PAUCIFLORA (VI)	1½-2' spread	
Dainty but showy Winter Hazel; very scarce. Soft yellow blooms in early Spring. This is a select form imported from Japan early in 1941. Our specimen now measures 5' high and 7' across.		
HALESIA CAROLINA (tetraptera) (IV)	3-4'	1.75
Great Silverbell or Snowdrop Tree is a multi-stemmed large shrub or small tree. Thousands of white or pinkish bells in spring; blooms when young.		
LEUCOTHOE POPULIFOLIA (V)	2-3'	1.75
Evergreen species with upright, arching stems to 10' when mature; attractive bronzy, young foliage which turns green; clusters of white bells in summer. Very tough and hardy.		
PTEROSTYRAX HISPIDA (V)	3-4'	2.00
The Epaulette Tree has large hanging panicles of creamy white, fragrant blooms. Interesting shreddy bark; very vigorous grower; starts blooming when young.		
STEWARTIA PSEUDO-CAMELLIA (V)	2-2½' blooming size, 5-6'	1.75 4.50
Showy white blooms in late spring and a compact, upright habit; interesting bark that peels in large flakes; excellent yellow, orange and red autumn foliage.		
STYRAX JAPONICA (V)	3-4' 5-6' blooming size, 6-8'	1.50 3.00 4.50
Very graceful small tree (to 30') with dainty leaves and almost horizontal branches from which hang thousands of showy white bells in spring. Hardy, easy to grow and an ideal landscape subject for modern low homes with small yards.		
OBASSIA (V)	3-4'	1.75
As bold as the above is dainty! Large leaves and hanging clusters of fragrant white bells; fascinating zig-zag branching; to 30'.		

TSUGA CANADENSIS PENDULA (III)	spring del., liners	Each \$.50
The Sargent Weeping Hemlock without pruning makes a fascinating, irregularly mounded specimen about three times as broad as high. Our 25 year old specimen measures 3' by 9'. Very useful landscape variety.		

VIBURNUM (both fragrant and winter blooming)		
BODNANTENSE (VI)	1½-2' 3-4'	.90 1.50
A fine new hybrid from England with rich, rosy pink blooms on the bare branches. Handsome summer foliage.		

GRANDIFLORUM (VII)	2-3'	1.25
A very rare species with a more open habit of growth and lighter pink flowers.		

PERENNIALS AND ROCK PLANTS

	Per 10	Per 100
ANEMONE JAPONICA VARIETIES-		
MARGARETE- Huge, double, silvery pink, handsome glossy foliage; scarce in the trade.	\$3.50	\$30.00
